### **Philosophy Governing Utilization of Facilities:**

Southern Arkansas University is a state supported institution of higher education, and its facilities are provided and designed to be used to further the University's mission. The purpose of this policy manual is to provide direction for University personnel charged with the responsibility for scheduling SAU facilities. The University reserves the right to revise, delete, or otherwise amend any portion or portions of this manual. SAU is committed to equal opportunity in all of its programs and activities. The facilities of the University cannot be used in any way to discriminate on the basis of race, color, religion, gender, handicap, veteran, or national origin.

## Policy Manual for Utilization of Campus Facilities

### **General Policies for Facilities Use**

1. Facilities must be used for purposes that are consistent with the mission of Southern Arkansas University. The right to make the determination in such matters is vested solely in the University.
2. All activities, except regularly scheduled classes, must have an approved Facilities Request form to have proper heating and cooling, to have the facility locked and unlocked, or to be publicized.
3. Requests to reserve campus facilities must be submitted a minimum of 10 working days prior to the date of intended usage. Special set-up or arrangements cannot be made in less time.
4. The scheduling of any event in a campus facility by a campus group is prohibited during final exam week. The vice president for academic affairs may grant special permission to schedule an event during this period.
5. SAU is committed to the conservation of energy and shall meet facilities requests by utilizing buildings that are already scheduled to be open and in use during the time requested or deemed in the best interest of university operations as directed by the President or as delegated to the Vice Presidents Council (VPC).
6. Priority in the assignment of facilities is as follows:
  - a. Regular University use of a facility for the purpose for which the facility is designed or designated
  - b. University sponsored classes or events
  - c. Approved University student organizations
  - d. University affiliated groups sponsored by the faculty and/or administration
  - e. Agencies or institutional programs supported by the State of Arkansas
  - f. All other groups outside the University (see Policies and Procedures for non-University groups)
7. Facilities reservations shall be assigned on a “first come, first served” basis unless a serious conflict involving a higher priority user occurs. In such a case, a lower priority user may be required to change facilities, times, or dates. Requests to reserve campus facilities **must** be submitted a minimum of 10 working days prior to the date of the intended use. Failure to complete a facilities request will cause a reservation to be canceled.
8. Act 184 of 2019 provides: The First Amendment of the United States Constitution and the Arkansas Constitution protect the rights of free speech, freedom of the press, freedom of religion, and freedom of association for all citizens. The exercise of these rights may not materially and substantially disrupt the educational process, materially and substantially disrupt the expressive activity of another person or group, prevent the communication of a message of another person or group, or prevent the transaction of the business of a lawful meeting, gathering, or procession. SAU enforces reasonable, time, place, and manner restrictions in compliance with Act 184.

9. It is the responsibility of the contracting party to maintain the University's standard of conduct and dress appropriate to a University environment. Failure to comply may result in immediate termination of the use of the facilities and future restrictions as determined by the President.
10. SAU assumes no liability for injuries and assumes no liability for the loss of or damage to non-University property.
11. The contracting party is responsible for all damages to the facility incurred during the scheduled usage.
12. Events in non-academic facilities must be terminated by 11:00 PM Sunday through Thursday and 12:00 AM Friday and Saturday. Academic facilities are not available after 10:00 PM on any evening. Exceptions for unusual circumstances must be requested in writing to the Vice Presidents Council. The President has final approval.
13. Indoor modifications: Nothing is to be affixed to walls, ceilings, floors, doors or furniture without written permission of the building captain. The written permission should be submitted with the Facilities Request Form.
14. Outdoors modifications: Nothing is to be affixed, attached to or set upon the building, grounds (including trees), flagpoles, or any other man-made structure without the written permission of the area building captain. The written permission should be submitted with the Facilities Request form.
15. Furniture arrangement or relocation must be performed under the direction of the physical plant and/or facility staff and with the expressed consent of the scheduler.
16. The stated capacity of the facility may not be exceeded.
17. Food and beverage requirements: The serving of food and beverages must be acknowledged on the facilities request and approved by the scheduler. All events held on University properties not exempt from the University food service contract must utilize the SAU food service vendor or include a letter from the director of the food service vendor authorizing the use of alternate vendors. This information must be submitted with the Facilities Request Form.
18. ACT 734, Arkansas Clean Air On-Campus Act of 2009 bans smoking on campuses of institutions of higher education effective August 1, 2010. Tobacco products are prohibited in all University facilities and within 25 feet of any institutional property. Vaping is treated as smoking and is prohibited on SAU property.
19. Fiscal obligation settlements to the University are due payable in the University Business Office at least two (2) weeks prior to the scheduled usage of the facility. Fiscal obligation will be waived with the approval of the President.
20. The contracting party must provide one certified law enforcement officer per every 100 attendees for all concerts, dances, or related activities. At the discretion of the University, a certified law enforcement officer may be required for other events. Compensation for the officer

is to be provided by the contracting party. The University Police Department will assign the officer(s).

21. The University Police Department (UPD) is responsible for closing any street used for special events. The facilities coordinator will contact the UPD for approval before the request is authorized. This will allow the UPD to ensure that a smooth traffic flow is maintained and that emergency access to all campus facilities remains available. The UPD will notify the local fire, police and emergency medical services (911) of the time and place of the closures so they may plan alternate emergency routes if needed.

### **SAU Responsibilities**

Southern Arkansas University personnel is responsible for the following:

1. temperature control
2. unlocking and locking the facility at the designated times as listed on the request form

The operation of special equipment may necessitate the use of designated SAU personnel, as may the clean-up requirements of those facilities. The policies governing the use of designated facilities may require additional responsibilities, which must be handled by SAU personnel to protect the University's investment in equipment and facilities.

### **User Responsibilities**

Each user of a campus facility must have at least one SAU faculty or staff member (referred to as sponsor) present during the duration of the facility usage. Additional sponsors may be required for large group activities.

5. to inspect the facility for litter, remove banners and temporary signage, and restore furniture, etc., to its proper location after the event unless other arrangements have been made with the facilities request coordinator or building captain; and report any damage to the building captain.

### **Note:**

The physical plant shall be responsible for assessing any damage and setting restitution fees. The individual/group contracting the facility is responsible for restitution. If restitution for assessed damages is not rendered, the individual/group may not be allowed future use of SAU facilities. In addition, SAU reserves the right to invoke legal action to collect restitution including collection costs.

## **Facilities Usage by Non-University Groups** (Excluding Reynolds Center)

Groups outside the University may use Southern Arkansas University facilities provided that the purpose is consistent with the mission of the University. The SAU Board of Trustees policy states *the University's facilities may not be used by non-university groups or individuals*:

1. To promote or carry on a commercial enterprise
2. To hold formal religious services on a regular basis
3. To hold political events unless the primary purpose is to educate students, faculty, staff and/or region concerning the views of a candidate for public office or individuals articulating views on important issues. Reasonable attempts will be made to provide viable alternative views equal opportunity for discussion of their position.

Non-University groups will be required to pay a fee covering the cost for use of the facility. A deposit to cover damages and clean up may be required (see section on rental fees and other charges).

Non-University groups must adhere to all policies and procedures listed in the Utilization of Facilities Policy Manual.

Failure to complete a facilities request will cause a reservation to be canceled.
4. Harton Theatre (including the lobby) will not be available during times that classes are scheduled to meet in the facility. Please refer to the class schedule available on the SAU web page for current information.
5. A Facilities Request must be processed through the Theatre Department to use the lobby of the theatre.
6. Since Harton is a working theatre facility, there will be times when scenic elements are on stage that cannot be moved. Advanced planning, visiting the theatre, and communicating with the Director of Theatre will help prevent any problems.
7. Only student technical workers or theatre department staff may work stage lighting and the sound system in Harton. Fees for technical workers are as follows:

If student technical workers reside in University housing and the residence halls are closed between semesters or spring break, they will not be available to work in the theatre.
12. It is the individual, organization advisor, or organization representative's responsibility to visit the theatre at least 3 days in advance of the event and meet with the student(s) assigned to work the event and provide any special instructions.

15. The organization or individual using the theatre is responsible for seeing that the theatre is cleaned. Housekeeping does not clean the backstage area or the stage floor. If the stage or backstage area is used, it is the responsibility of the organization to clean it immediately following the event.
